WILDCAT

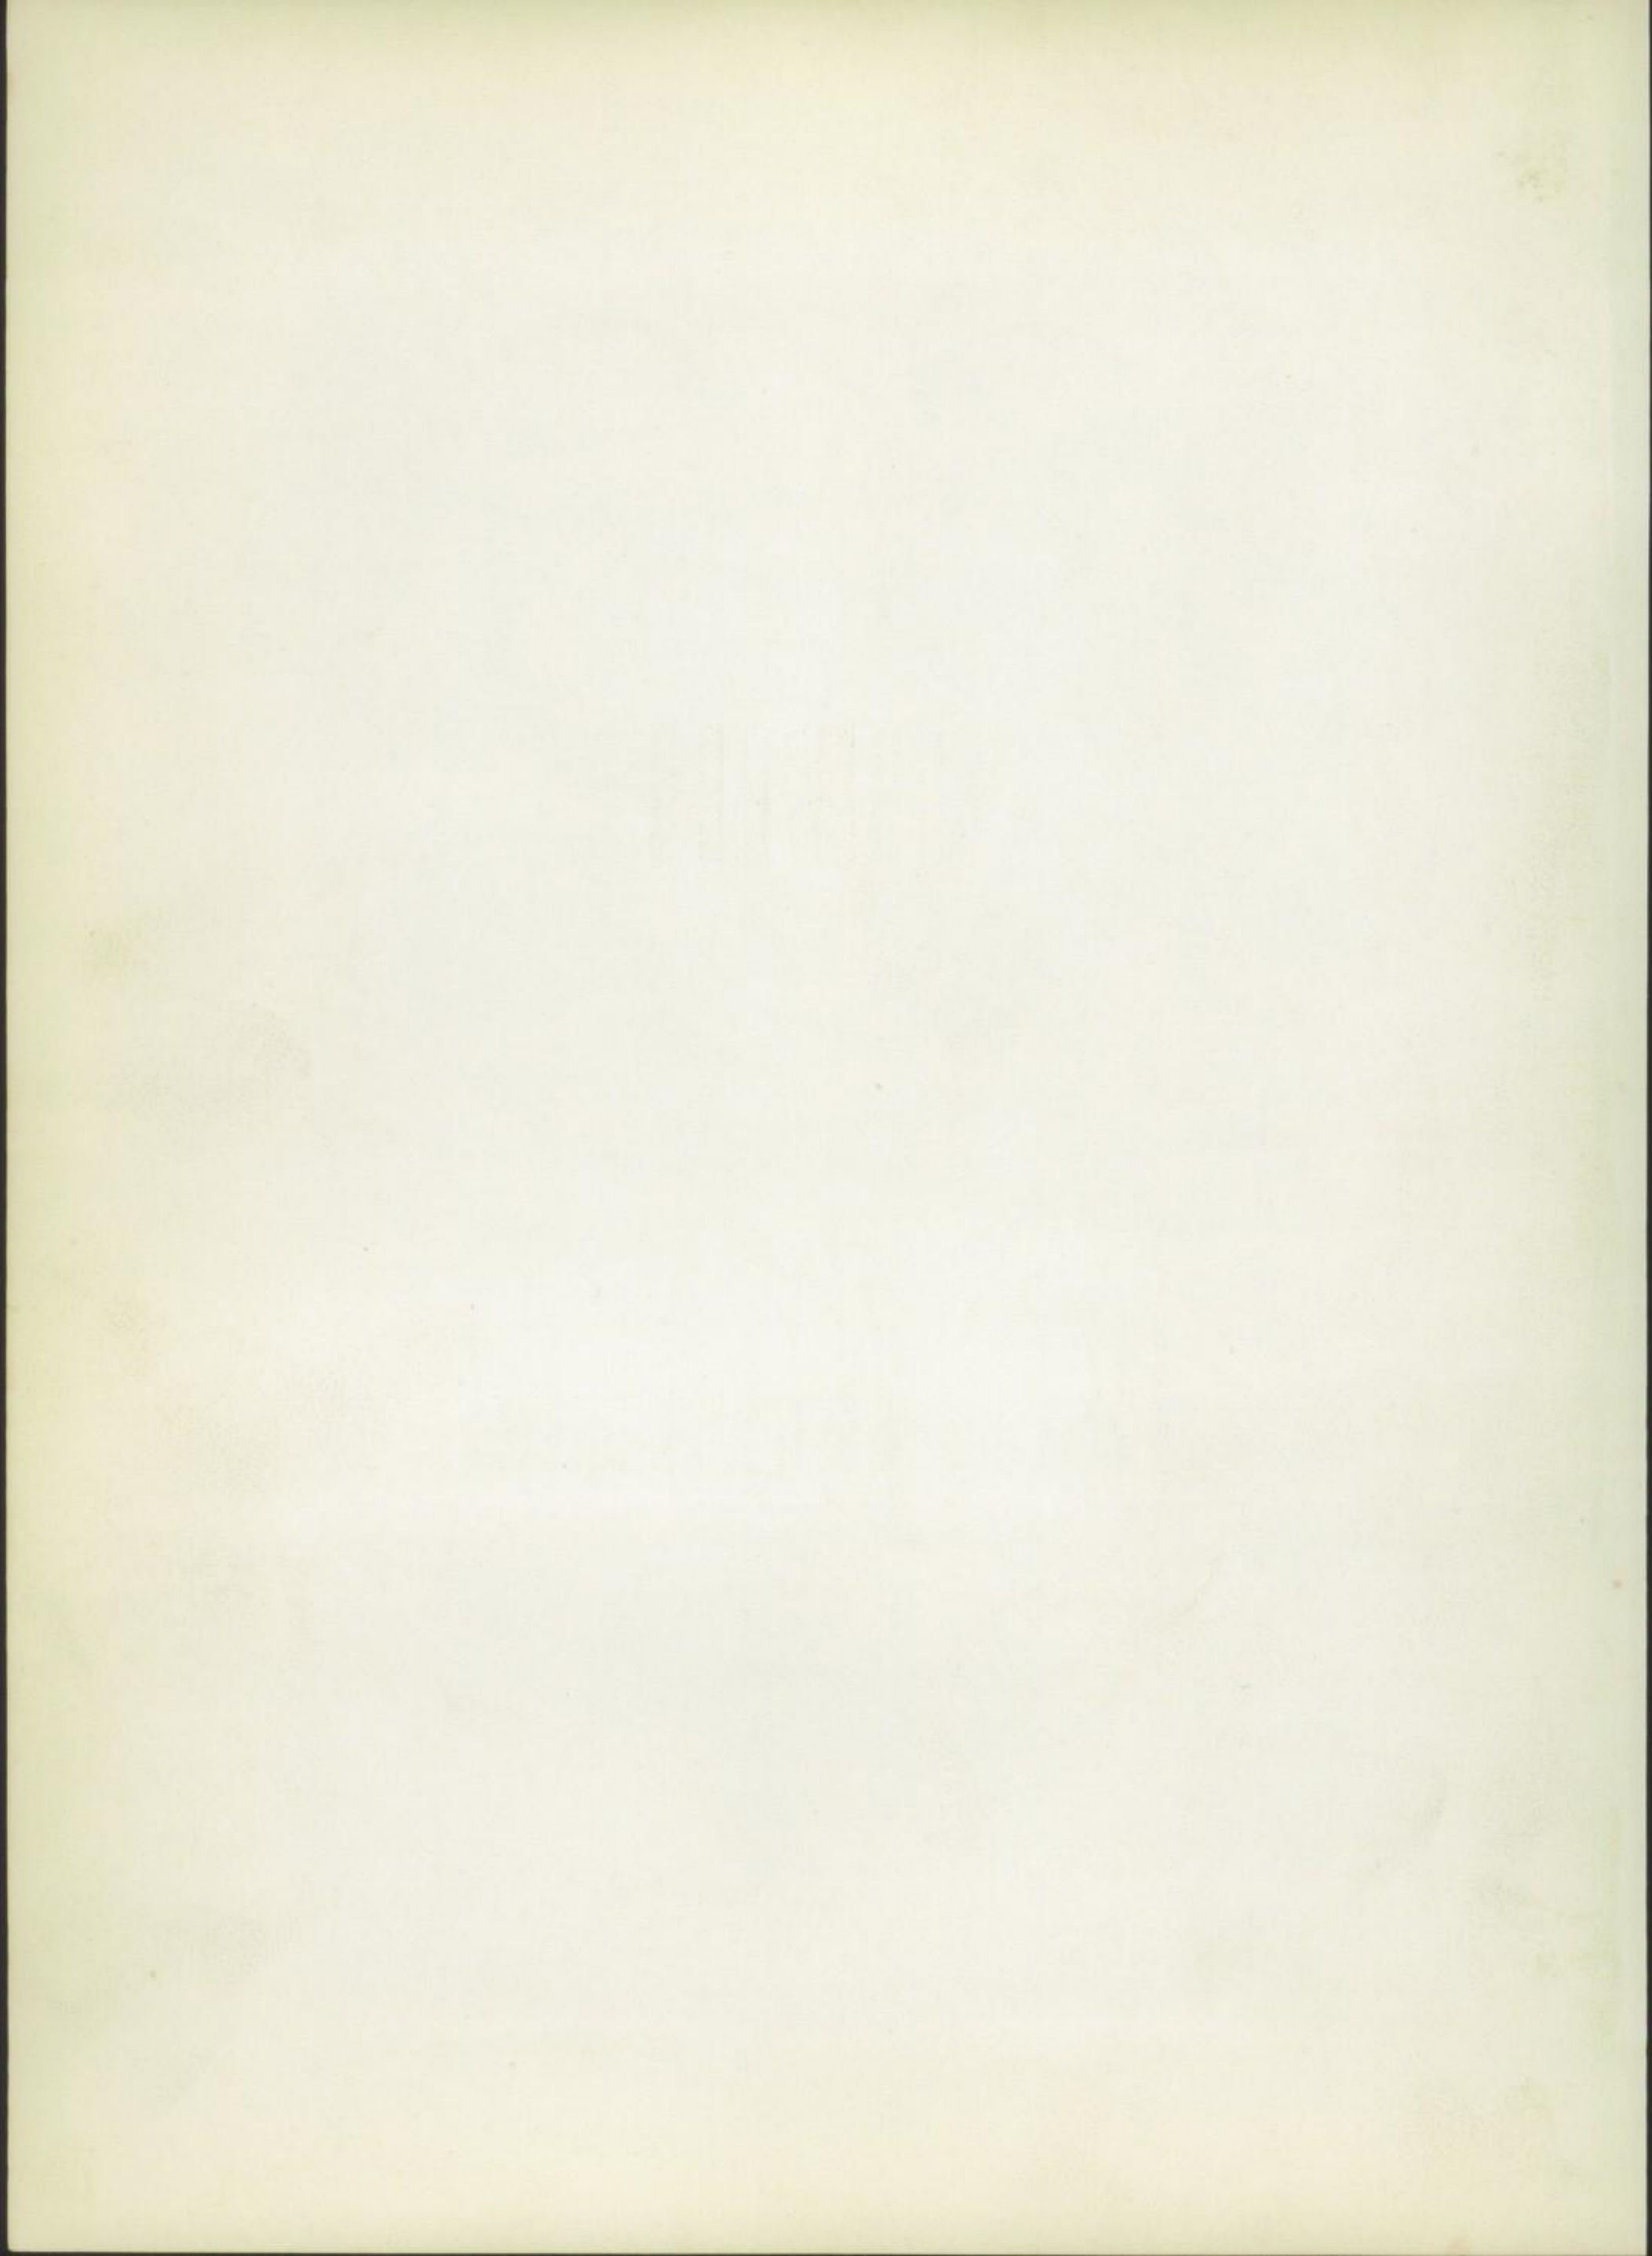

THE WILDCAT

The Annual Of

UNION HIGH

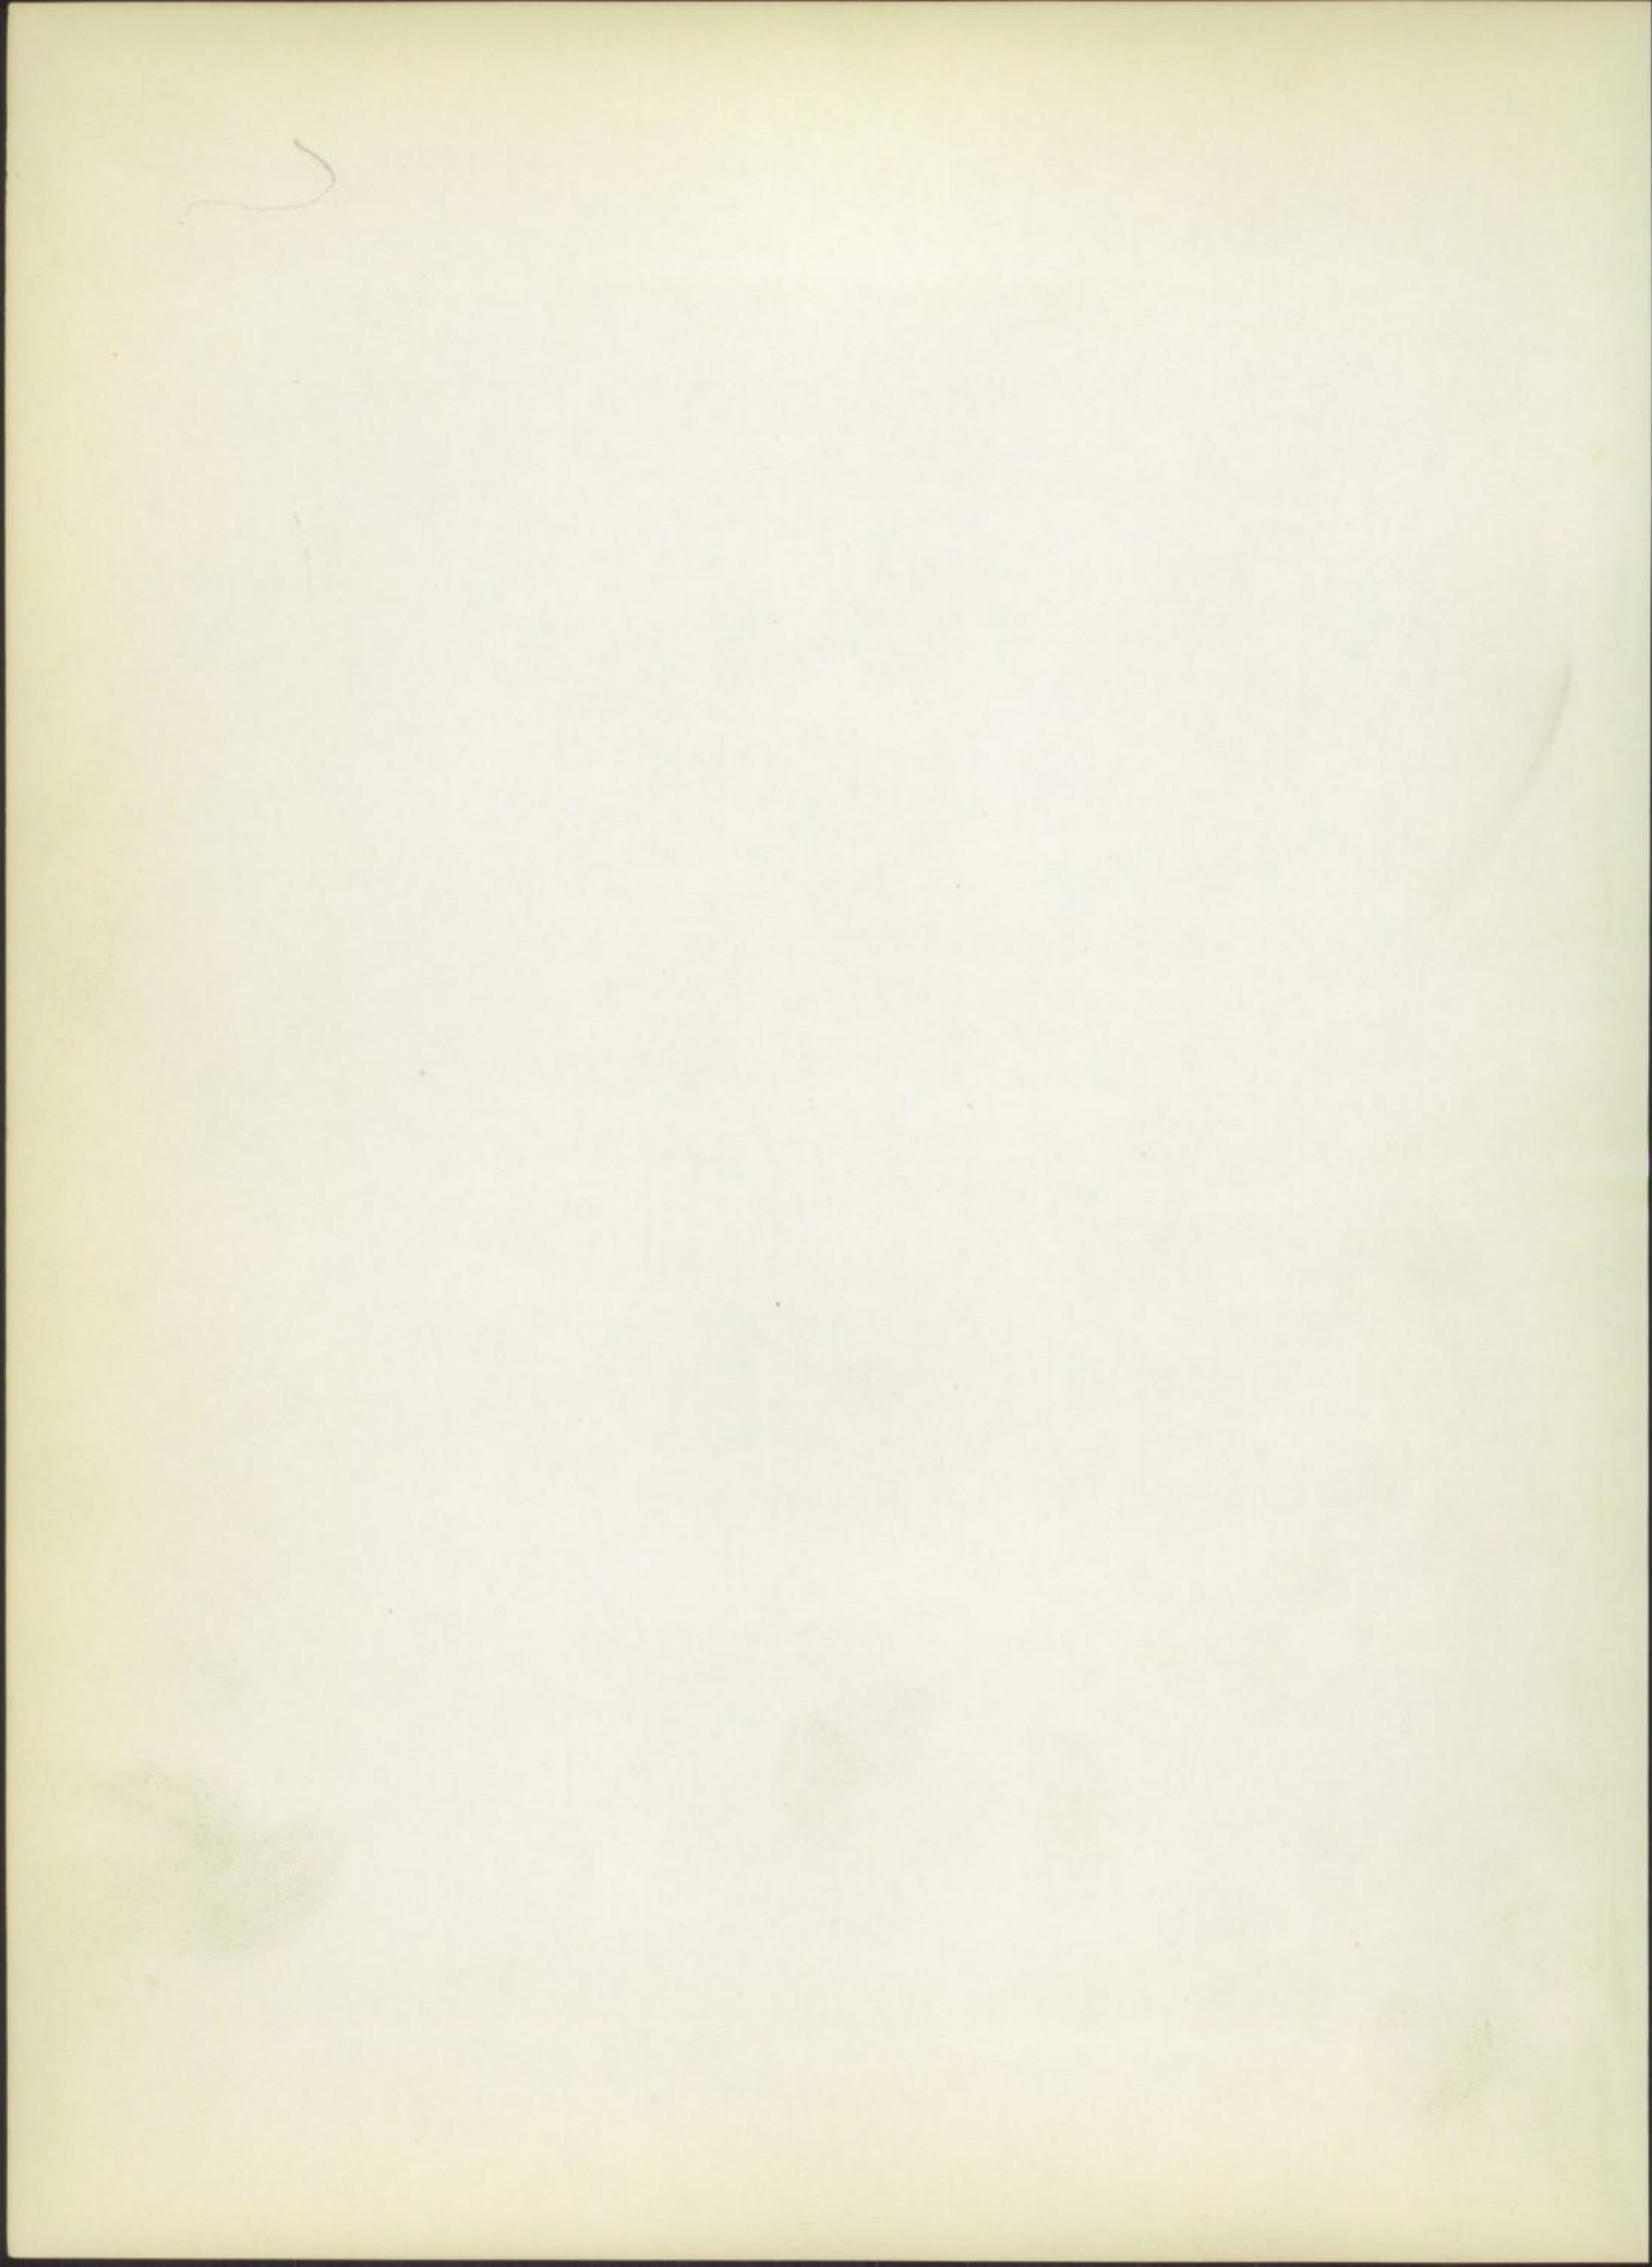

SCHOOL

FOREWORD

May you, in the future, in turning through the pages of this 1952 "Wildcat" and in recalling memories of Union School, derive at least a portion of the pleasure that we have had in publishing this annual for you.

The Staff

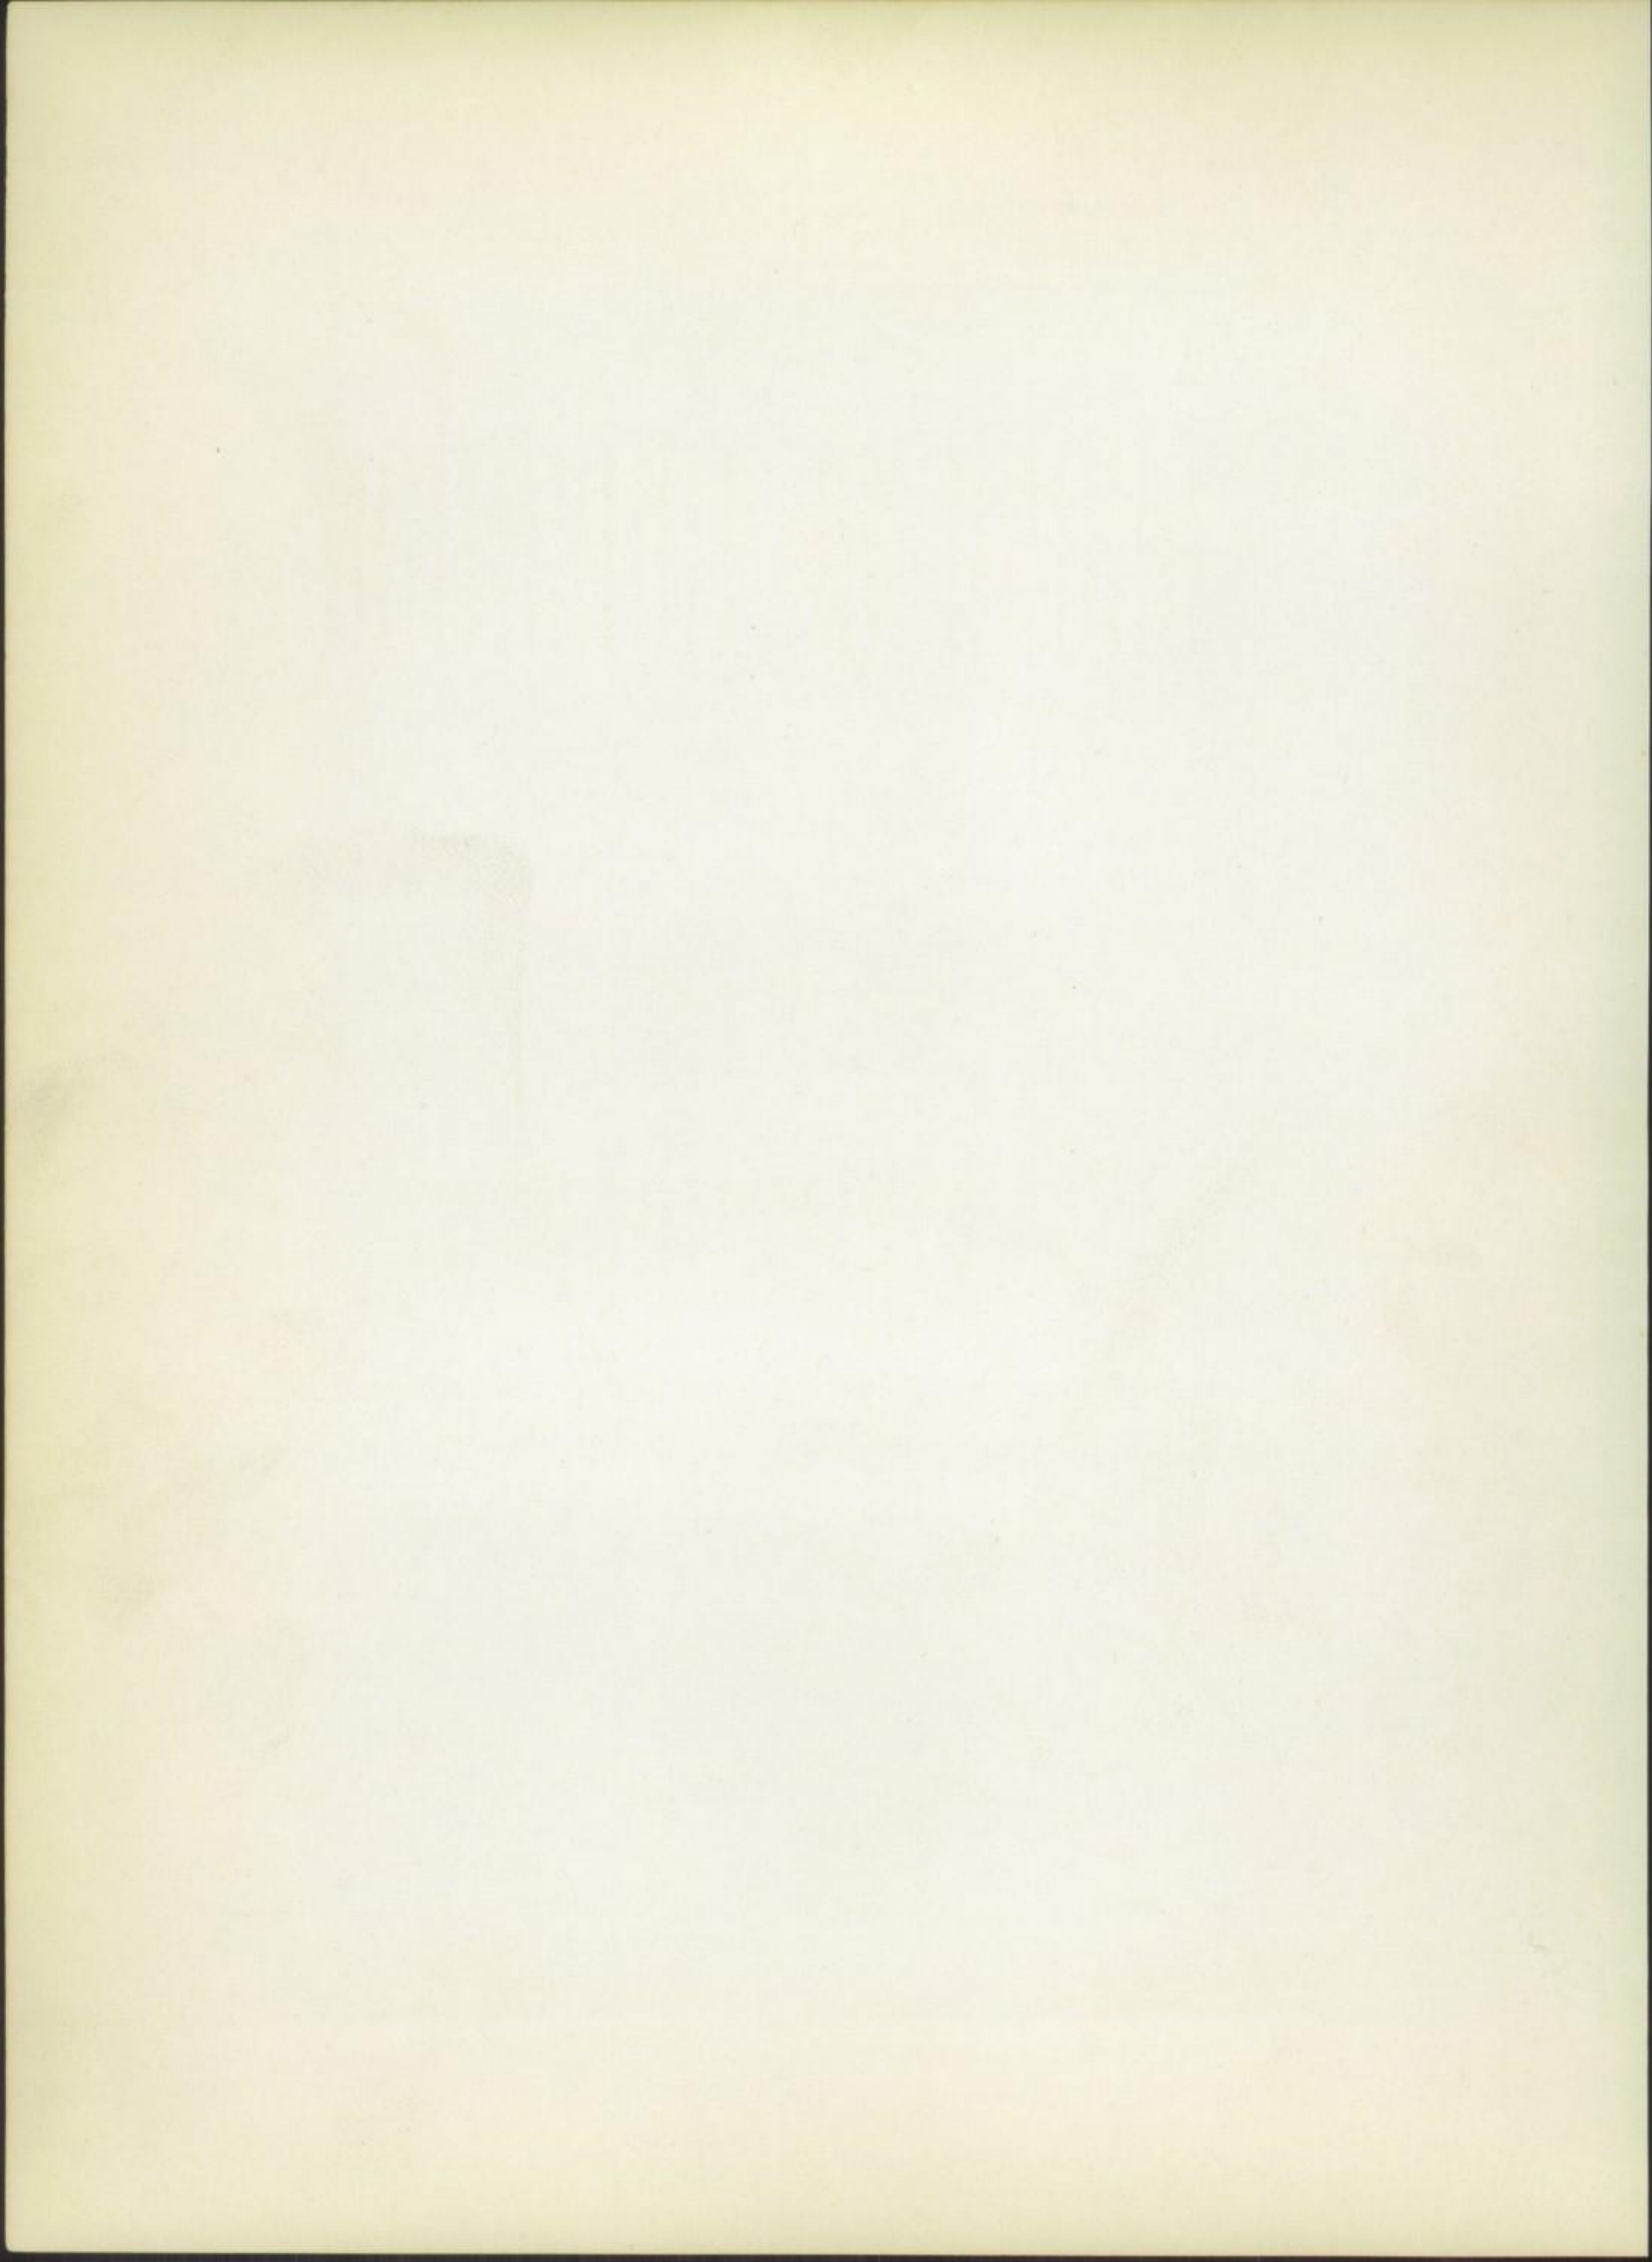

DEDICATION

In a feeble last minute attempt to show our deep appreciation and gratitude to one who has been exceedingly patient and understanding in trying to teach us the fundamentals of mathematics through our last three years of high school, we, the Seniors, proudly dedicate this issue of the

"WILDCAT"

to

SUPERINTENDENT'S MESSAGE

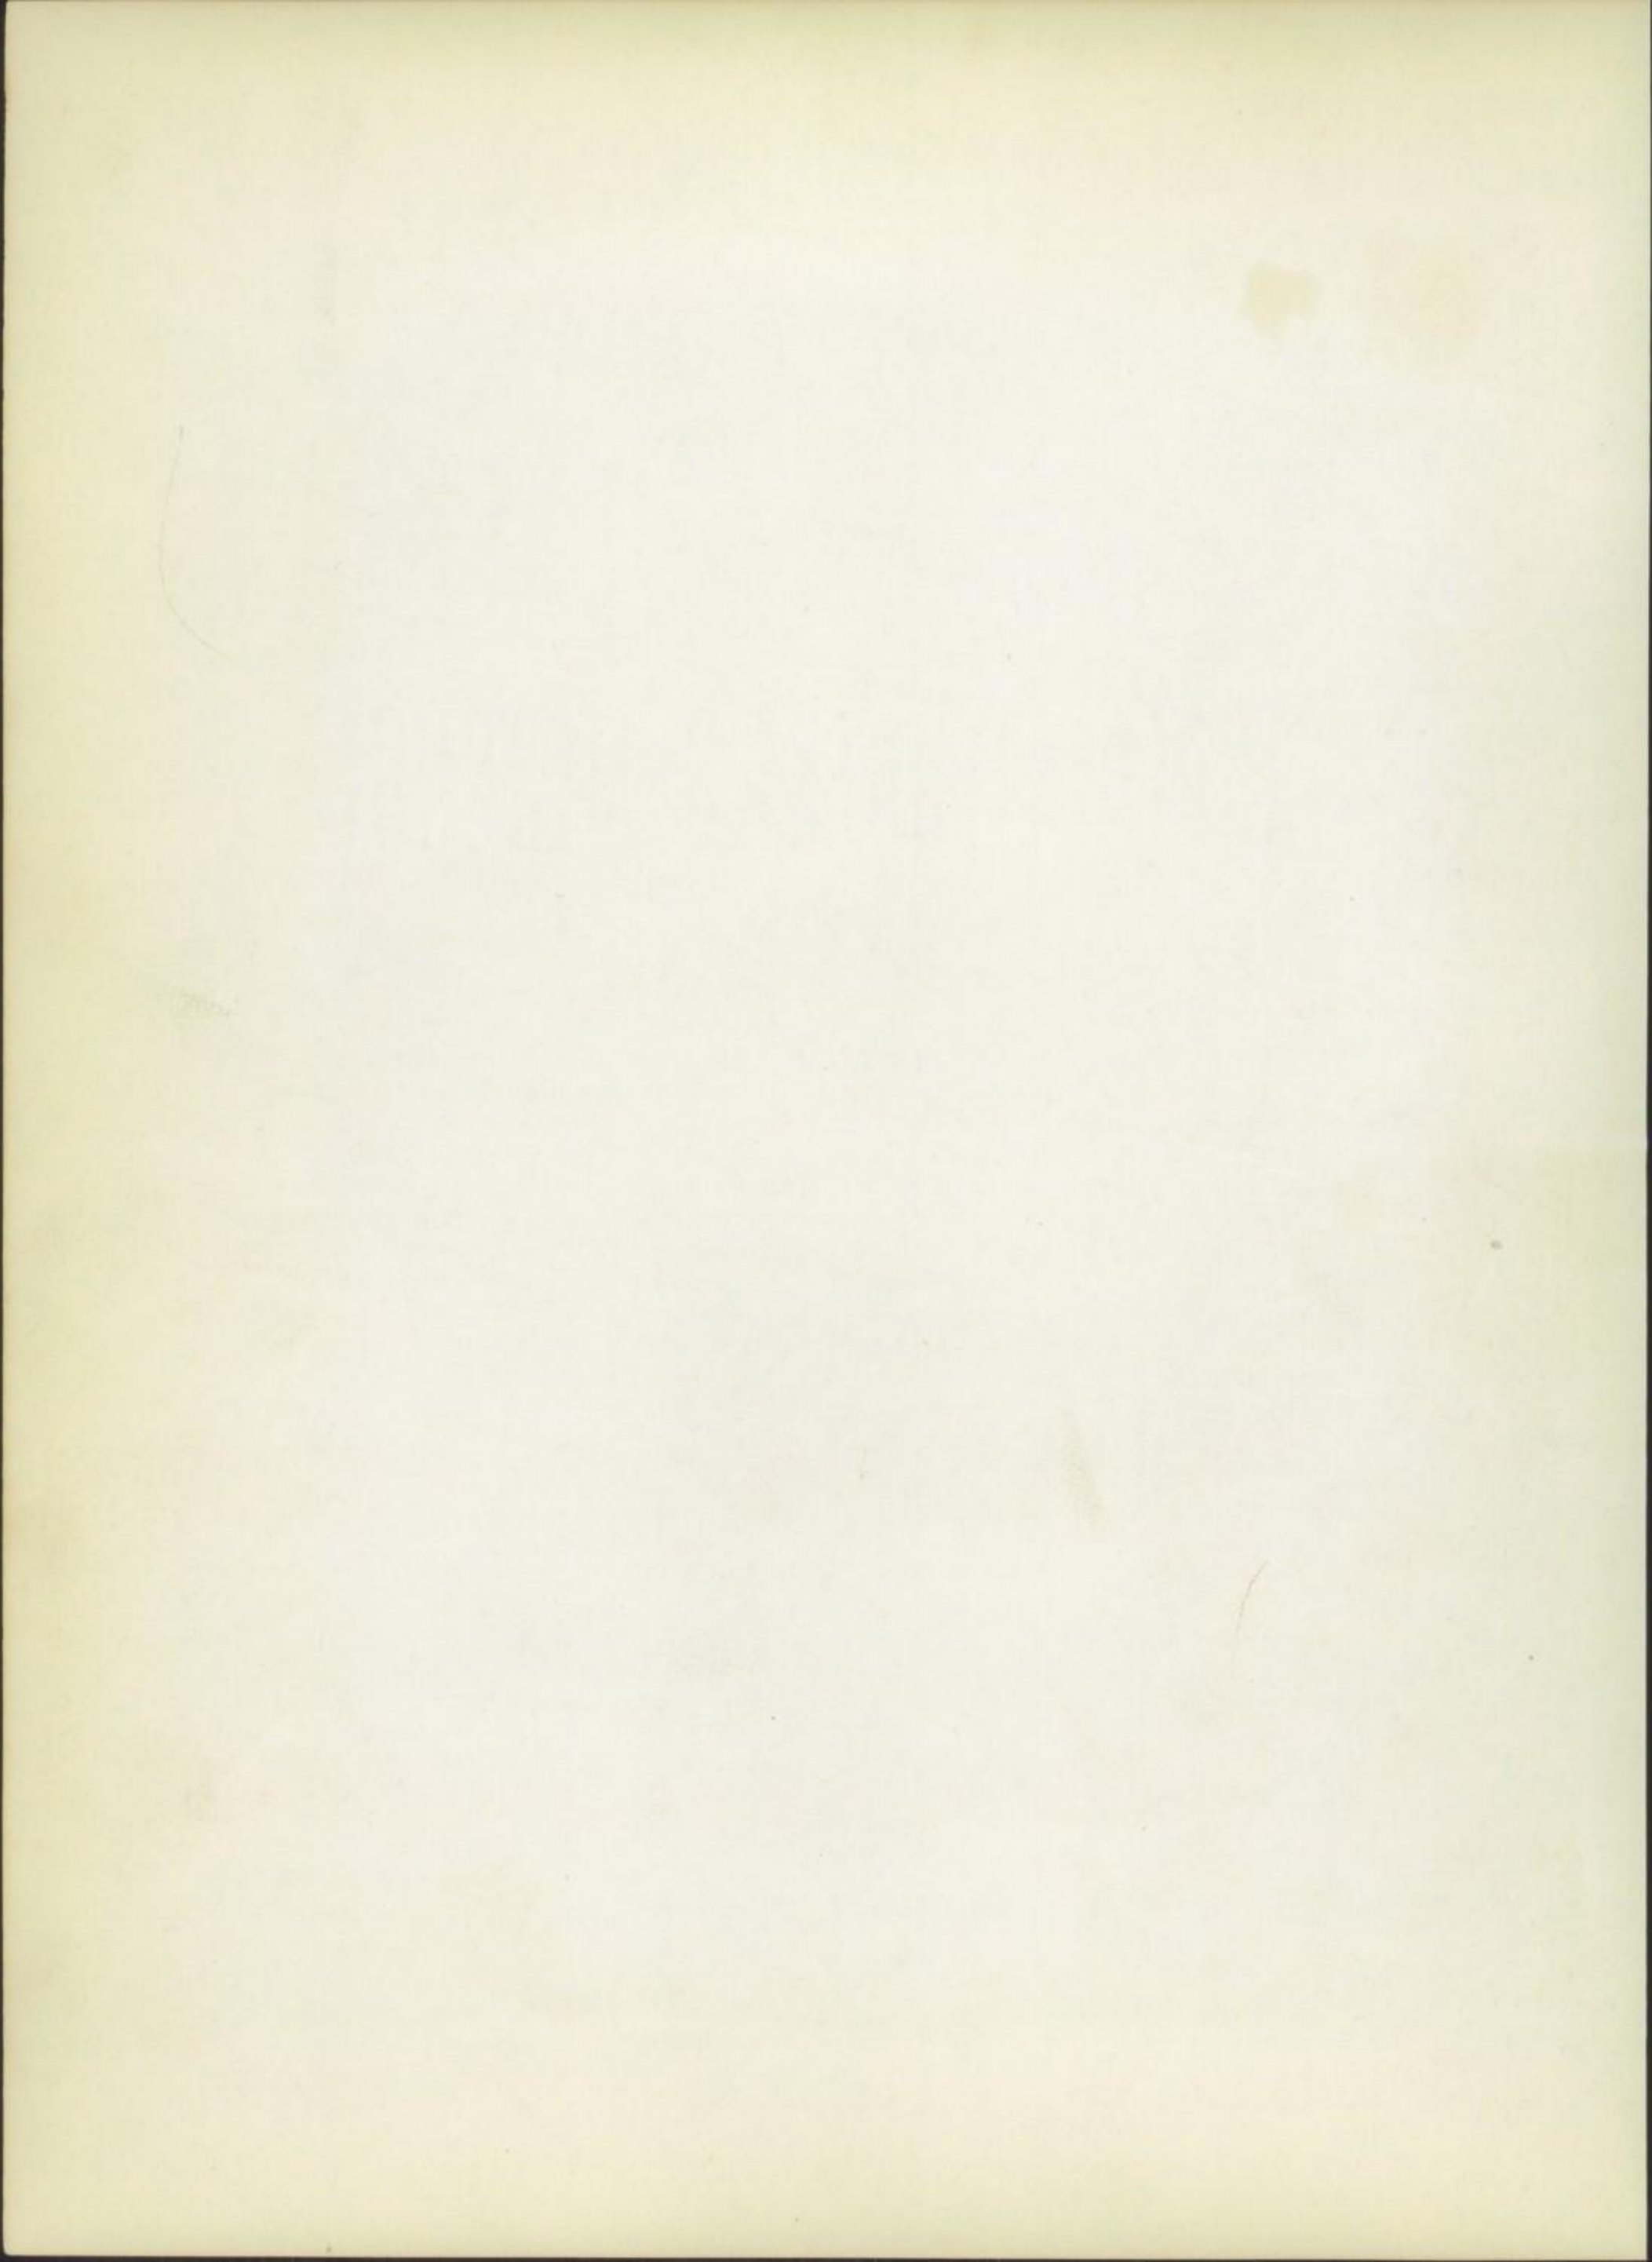

Seniors of 1952:

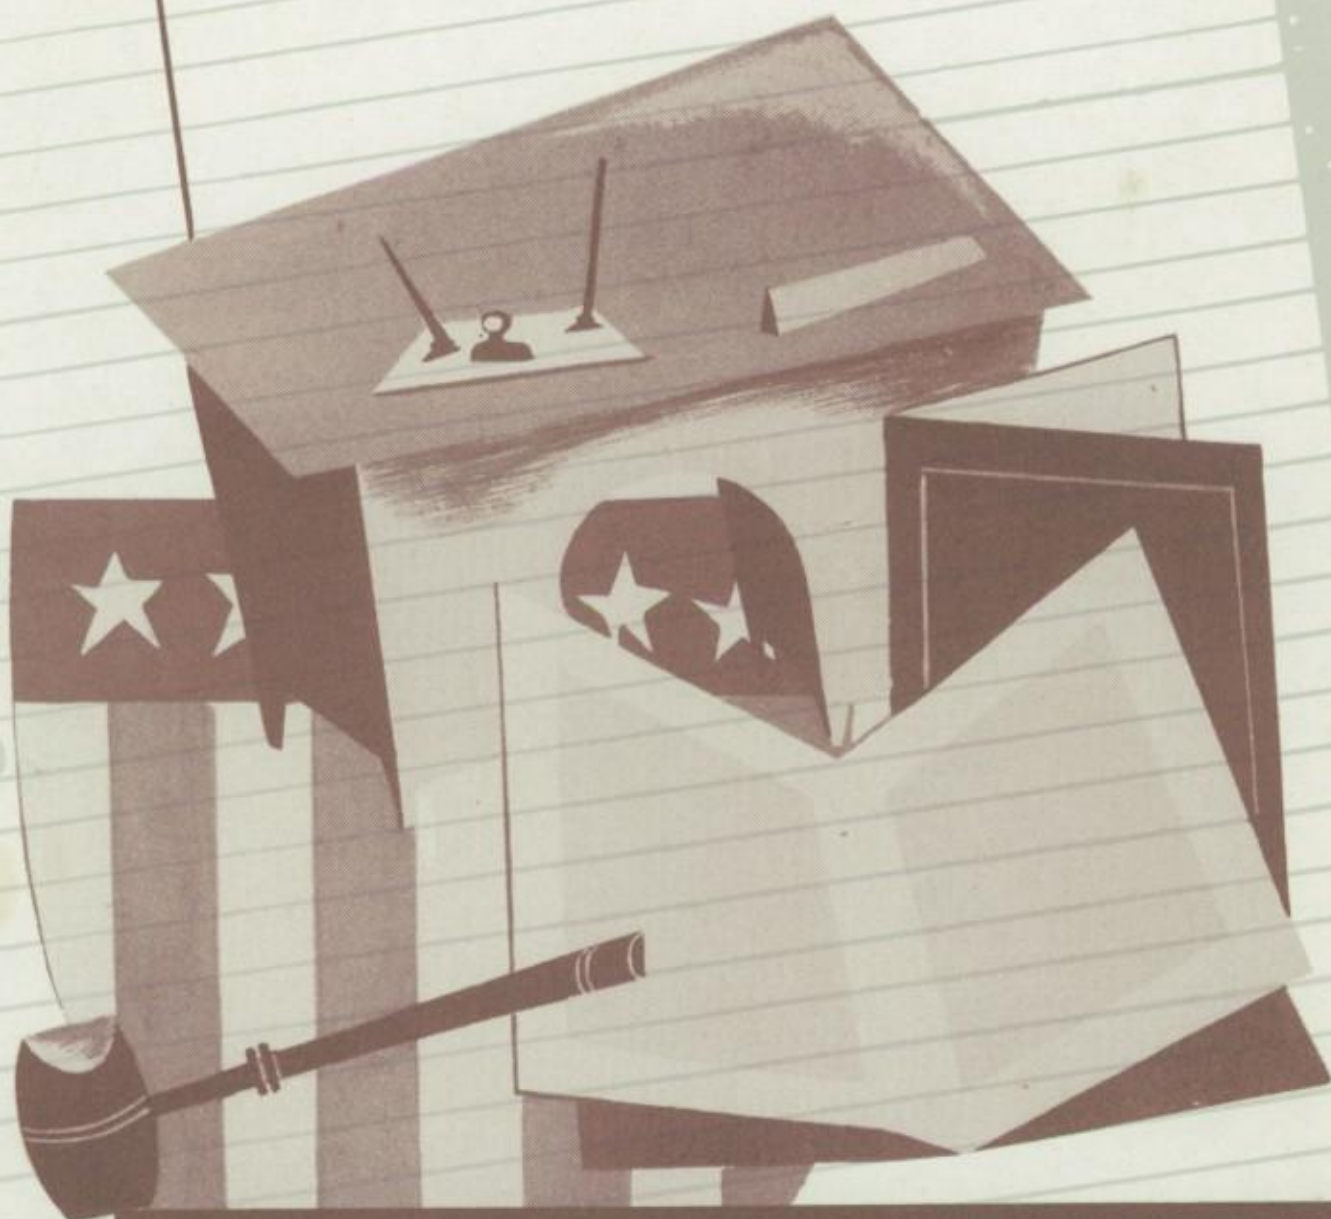

It is a pleasure to see you reach this, your most important step, in your educational pursuit. We as teachers are proud to have known and we hope encouraged you while at Union High School. The future in your life is yours. You are now ready to be a part of society. May your plans call for a desire to build a better home, a better church, a better school, a better government. May your desires be put into action. Patience and hard work is the key to your success. Follow these and your ambitions will some day materialize. Forsake them and your possibilities fade into nothing. It is up to you to read your own blueprint. May you be able to deliver what all good blue-prints call for; a solid foundation and additional space for improvement if and when needed.

Sincerely,

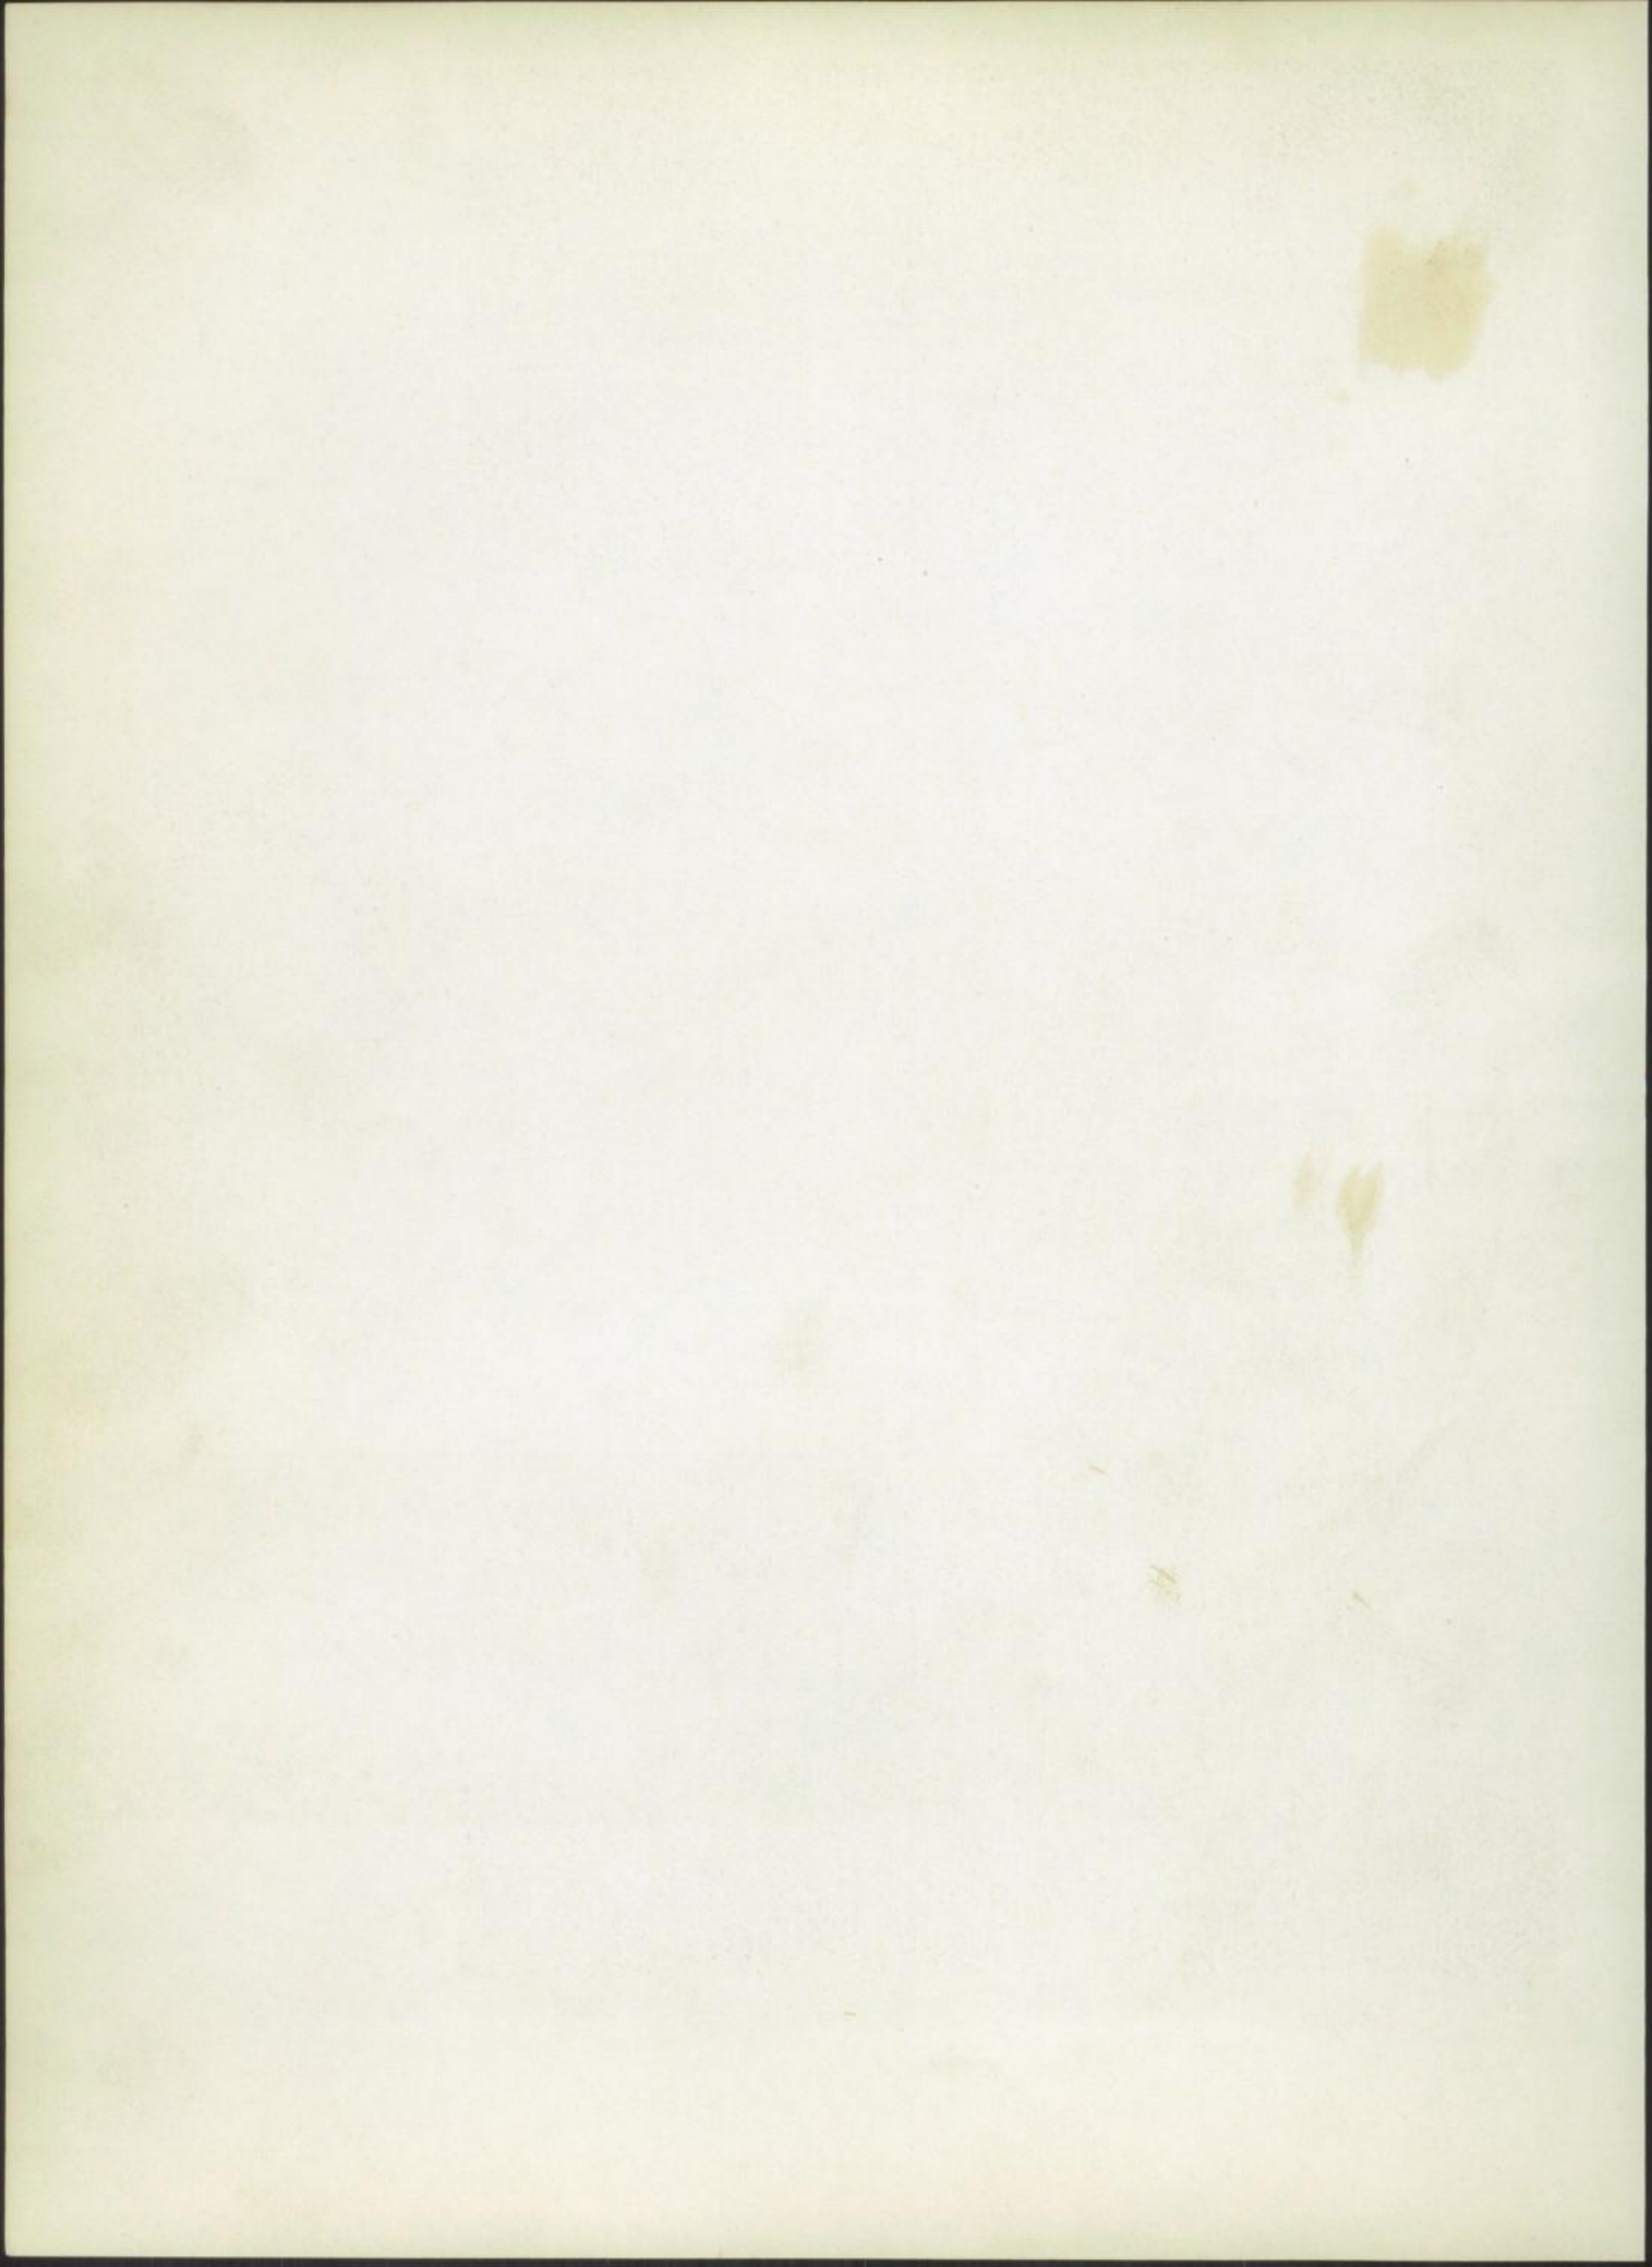

M. G. Gary
